# HILL CARRIES THE STATE.

HIS PLURALITY ABOUT 10,000.

THE LEGISLATURE LARGELY REPUBLICAN. A REAVY FALLING OFF IN THE VOTE-34 REPUB-

LICAN MAJORITY ON JOINT BALLOT IN THE Returns and estimates thus far received indi-LEGISLATURE. cate the election of Mr. Hill and the rest of the Democratic ticket by pluralities of between

5,000 and 10,000. The Republicans have carried both branches of the Legislature, having a majority of S in the Senate and 26 in the Assembly. The vote as a rule, outside the great cities,

falls off from last year, the decline in some of the counties of the interior assuming large proportions. The Republicans, as usual, would appear to be the greatest sufferers from this source, the apathy engendered either by overconfidence or by lack of confidence depriving them of thousands of votes which, had they been cast at all, would have gone to Mr. Davenport. A contributory cause of Republican disaster was the presence of third-party tickets in the field. The Prohibition vote, which last year amounted to 25,000, this year is likely to be nearer 40,000.

Mr. Hill's largest gain over Cleveland is in this city. Last year New-York went Demoeratic by 43,000. Hill carries it by 48,268. In Kings County his plurality is 9,343,

Mr. Hill makes a notable gain in Albany. Cleveland carried it by 665. Hill TI carries it by over 2,000. He also makes a large gain in his home county, Chemung.

Hill's majority in Kings county is over 6,000 less than Cleveland's of last year. Scheneciady County, which gave Mr. Blaine a small plurality, now goes Democratic. On the other hand, Oneida, which gave Cleveland a plurality of 30, gives Davenport a plurality of 700. The Eric Republicans make a most creditable showing, carrying the county by an increased majority of 500 over last year, and elect a Republican Senator to succeed a Democrat. General Curtis, who ran as an Independent Republican candidate for the Assembly in the Ist St. Lawrence District, is elected.

The Democrats have carried all this city's Seaatorial districts. The Republican majority in Senate and Assembly will be distributed about as it was last year.

The Republicans lose the Suffolk, Queens and the VIIIth Metropolitan Senatorial Districts, but these losses are more than made good since they gainthe IVth Kings, the Columbia, Dutchess, Putnam and the Erie districts.

The Associated Press returns from 629 Election Districts and Wards outside of New-York and Kings counties (about one-third 1 Allen S Kilby Edward B singley of the State) give Davemport (Rep.) votes, Hill (Dem.) 117,574. Bascom (Pro.) 7,122 for Governor. The same districts last year gave Blaine (Rep.) 149,119 votes for President, Cleveland (Dem.) 133,868, and St. John (Pro.) 6,605. The Democratic net gain this year is 2,136 in those 629

### THE PRESIDENT VOTING.

A STRAIGHT DEMOCRATIC TICKET TAKEN, EX-AMINED AND CAST.

Buffalo, Nov. 3 (Special).-President Cleveland rose early this morning, notwithstanding his late arrival last night. At 7:30 a. m., he walked down Courtst to the polling place in the 1st District of the Ninth Ward. Probably 100 people congregated, who knew from former experiences that Mr. Cleveland would vote early. The first person to grasp the President's hand was McBride who threatened to blow up Canada and Secretary Frelinghuysen with dynamite. He presented the President with a straight Democratic ticket. After carefully examining it, Mr. Cleveland the ballot takers. Vote was recorded at 7:50 a. m., and for the next ter minutes the President shook hands with old acquaintances. The only candidate present was Joseph Schmidt, Democratic nominee for Keeper of the Eric County hear you are running for an office Mr. Schmidt, and I hope you will be elected. He then walked to Gerot's French restaurant in Main-st., where he took breakfast With Franklin D. Locke, an old legal friend. At 9:30 h went to his old law offige in the Weed Block, occupied by his former partners, Bissell, Goodyear and Sicard. There he held an informal tion until nearly 3 p. m. Among his Buffalo friends who called were D. N. Lockwood, who nominated him ; W. P. Taylor, Democratic candidate for Mayor; Joseph

chairman of the Democratic County Committee: Ansiey Wilcox, one of Charles W. McCune's executors; W. E. Hoyf, of Rochester; John D. Millourn, Franklin D. Looke and Peter C. Doyle. Besides these, there were roughly-dressed railroad laborers direct from the yards, and farmers without number. One old fellow, with a rich brogue, went out muttering: "Sure, he knew me the first time. God bless him!"

At 3 p. m. the President dired at the house of Mr. Bissell. He said that he left Washington and came to Buffalo to vote as nearly a private citizen as possible. He did not therefore care to say anything for publication. His visit he described as a pleasant one, particularly because of the fact that no attempt at a display had been made, which, above all things, he disliked. He went to the Erie Depot at 4:30 p. m. in company with Messrs. Dassell, Goodycar and Doyle, and the party quickly entered the private cur "Minerva," the property of the president of the Lehich Valley Bailroad Company. Several baskets of flowers were awaiting him, the sift of ladies in Buffalo. Bishop S. V. Ryan of the Catholic Church, who was taking an outgoing train, entered the car and pand his respects to the President. The special train left the depot at 6:32 p. m. It was in charge of Superintendent, Marphy of the Erie road, who went as far as Hornelia cille. The President will arrive in Washington at 7:00 s. m. to morrow.

QUAY ELECTED BY TWENTY THOUSAND. WEATHER.

HARMSBURG, Penn., Nov. 3 (Special).—Taking the vote in this city as a basis it is probable that only two-thirds of the vote of the State has been polled and this may fall to sixty per cent. The Republicans, however, held their own in a majority of sections and the vote shows that white Quay. Republican candidate for State Treasurer, was cut o some extent, yet it will not affect the general result. There was no excitement whatever, and the Even the workers did not come out, and money was scarce on both sides, senator Cameron voted for Quay and Governor Pattison voted for Day (Dem.) to the Fourth Ward. In the Second Ward General Smon Cameron voted for Quay. There were more Democrats who cut the State ticket because of the slowness of the National Administration in turning out Republican officeoffice-holders who were missing at the polis when in fermer years they were hard workers. The Magwamps, who in 1882 were strong here, did not oppose Q my to my extent. The free-abackers were not to be found and polled scatcely a corporal's guard of votes in the whole country. This will be the same allover the State. The Prohimtonists, who really made an effort, could make no hoseivary, and their vote is scarcely worth notice. They have, however, made gains in Laucaster country, where their State candidate hyes. Eager telegrams are being sent over the State purporting to give returnifrom book woods counties, where it will be impossible to get the true result before several days. #### THE ELECTION IN PHILADELPHIA. ROWAN STRUCTED SHE UFF - CHARLES EMORY SMITH'S ESTITATE OF MAJORITIES.

PHILADELPHIA, Nov. 3 (Special), -It has been an unusually quiet election day. The morning was clear and cool and there was consequently a large vote in the early hours of the day. It was thought that 40,000 votes were polled before 10 o'clock. There was a creat amount of scratching throughout the city, and challenges were frequent. Several colored men are saft to have been given what they were told was the fail Republican ticket, but it was discovered that the name of Rowan had been scratched, and that of Daillas Sanders, the Democratic candidate for Sheriff, put in its place. In the Twenty-third Ward a circular was leaded to Damocratic this norming contributions of the restment the masses of the party had received from the

"The Immorrate, it is alleged, have upt not been recognized by the Democratic Americaters," it concluded, "and yet we are asked to lick the hands of this undemocratic wang of protenders and outpers. No, we let these men know that they are nothing without us; that we are not slaves. The Independent Lepublicians know how to bring their bosses to terms, and toolay they are feated and respected. If they are the party let them prove it without us. We will find that one lesson will have its effect. The return of the elected will be watched at Washington and the laise grasping leaders will be overthrown or forced to recognize the workers.

No persons were brought into court under arrest, but here were many complaints by men whose votes had

cen refused by the election officers, and in cases when they are entitled to vote the officers were advised in writing as to the law on the subject. Judge Fell said they would not make any positive orders. The officers were the judges of the facts and if they wilfully violate the law they could be punished.

As it grew dark the streets became packed with people It was evident that most of the interest centered of

It was evident that most of the interest centered on the contest for Sheriff and betweent S and 9 o'clock it looked close. Later reports, however, examished that Mr. Rowan, the Remobilean candidate, against whom the most bitter flight had been made had been exceeded by a majority which far exceeded the fondest hojes of his friends. The men in the parades carried transparenoise reading "Omy a Paper hanger," and others waved groat rolls of wail paper as they marched. There was also intense anxiety to hear from New York and Virginia.

At 10:30 p. in. Charles Emory Smith, Editor of The Press, and the returns from the wards far exceed expectation for Rowan; that he would reach 10:000 majority, and that Bell for City Treasurer and General Kinsey for Register of Wills, would have between 18:000 and 20:000 majority. He gave Mr. Quay 15:000 majority. Colonel McClurch had at that hour nothing to base an estimate upon. The other side, however, even the Democrats, concede the election of Rowan, only rofusing to give him so large a majority as that stated by Mr. Smith. It is feared that Moutahas succeeded in the Fifth Ward. There was no serious trouble reported during the day or evening.

#### APATHY IN ALLEGHENY COUNTY. REPUBLICANS AND DEMOCRATS TAKING LITTLE IN-TEREST IN THE ELECTION.

PITTSBURG, Nov. 3 (Special),-This was probably the duliest election day Pennsylvanians have ever known. Ever since the day the Pulladelphia hardware lealer was cajoled by the Democratic party managers into accepting the nomination for State Treasurer, Mr Quay's election has been an assured fact. caused many Republicans to remain away from their voting places to-day, but there was an equal number of tratic absentees, due partly to the slow distribution of the spoils. As a result there was a remarkably light votecast, and many strango scenes were witnesse about the politing places. At some there was nothing sight but a couple of eigar boxes filled with tickets. one, no Democrat appeared as the representative of his party and a veteran Republican kindly volunteered to supply tickets to voters of both parties. In many procincts a solitary Day poster held down by a couple of bricks greeted the eye of the Democrats. In one precinct so great was the Democratic apathy that their tickets did not even reach the polling place, but were left at a butcher shop some distance away. Funeral-like at a butcher shop some distance away. Find and processions of voters approached the little nigrou holes and nunded in their ballots. At one voting place where no person had charge of the tickers of either party, a ward politican's offer of \$2\$ to anyholy who would remain and distribute Republican tickets had nakers. In another precinct the jodge of elections player a guitar the eather day to the accompaniment of a clerk's violin. Telegrams from adjacent counties tell the same story of a quiet election in this (Allegheny county. #### MASSACHUSETTS.

ROBINSON'S PLURALITY ABOUT 17,000. THE LEGISLATURE LARGELY REPUBLICAN AS USUAL, Bosron, Nov. 3 (Special).—One of the quietest and least eventful political campaigns in Massachusetts for more than twenty years resulted to-day, as everybody knew it would, in the election of the entire Republican State ticket. Mr. Prince's motive in accepting the nomination for Governor for his party was generally believed to be a desire to place himself more prominently before the Administration, in the hope of receiving recognition for his post services to the Democratic party. Be this as it may, he certainly is too intelligent and observant to have for one moment exsecred that he would be elected. The Republicans have not held a rally or ratification meeting in Boston, and only a few meetings have been held in the country towns. The Democrats held one rally in Boston of a weak character and a few meetings elsewhere. The failing off in registration was considerable, the Democrats suffering most in this respect, and there was so little interest felt in the election that in many cases registered votors would not take the trouble to go to the votors would not take the trouble to go to the
polls, unless a carriage happened to be sent by
come caudidate for legislative honors. The
weather was perfect, and under ordinary
circumstances would have been conducive
to a large vote, while the vote was not by any
means up to that of 1883 or 1884 in both
of which years special reasons existed
to draw out a heavy polt. The vote
was nevertheless larger than was anticipated
Governor Robinson's purraiity will be about

HILL'S PLURALITY ONLY 9,343. WHINEY PROBABLY ELECTED MAYOR-TWO RE-PUBLICAN SENATORS AND THREE ASSEMBLY.

THE ELECTION IN KINGS COUNTY.

The use of the telephone in transmitting the election returns to Police Headquarters in Brooklyn from the various police stations after the canvass is completed has greatly simplified the process, and a saving of considerable time has been effected. Is took about four hours for the sending of all the figures from the 260 election districts of the city last evening. but in the meantime the figures for some of the Senste and Assembly Districts had also been sent in,
The quiet of the day lasted into the evening in Brooklyn, and although there were crowds in the streets no disturbances occurred. Throngs stopped before the transparencies where election figures were displayed, out no such demonstrations as were heard at the close o the Blaine campaign were made. The headquarters of the Republican Campaign Committee in Montague-st. were crowded to hear the figures there read. Many persons gathered in front of Jefferson Hall, where the Democratic Campaign Committee displayed results.

The Young Republican Club engaged Music Hall in which to receive the returns, but only a few members of the club were present, and the 'proceedings were doleful.

A few Woodward managers were in their headquarters at Court and Montague-sts., but the effort of waiting for returns in the Mayoralty was too great, and one by one

they stole away and left the room in darkness.

they stole away and left the room in darkness.

The total vote is 45,366 for Davenport and 53,462 for Hill. Hill's majorily in the city is 8,096. To this must be added 1,192 the estimated plurality in the five towns making 9,288 in the county.

The indications from the early figures upon the county ticket were that ex-Senator William H. Murtha (Dem.), is elected Register by a small majority over William A. Fitz (Rep.). The same figures indicated that John M. Ranken (Dem.), for County Clerk, had run be-hind Murtha, and that ex-Alderman Joseph C. Hacker (Rep.) is elected. County Treasurer, H. H. Adams (Dem.) polled a larger vote than J. Lott Nostrand (Rep.), and will succeed himself. For Supervisor-at-Large, Alderman-at-Large John A. Quintard (Dem.) has probably beaten Charles H. K.
